COOLSCHOOL

Cool School (community · oriented · obstacle-free · learning)

The Cool School program is a comprehensive school based program that includes student curriculum, direct program delivery and flexible variations for teachers. It is designed to involve all aspects of the community in a preventative approach to violence, bullying and safety issues. By including students, parents, and members of the community, we assist schools in developing a pro active approach and creating a positive community environment and prevent bullying and school violence. Ideally, the combination of involving children, parents, police and community will generate a sense of cohesiveness and allow for well rounded learning.

The Cool School program includes:

- Three assembly style presentations (one per division)
- Two hour, parent night
- One Lunch and Learn workshop for teachers and staff
- Bullying surveys for students geared to each division
- One consultation meeting with the bullying committee or the administration
- Assistance in launching the Cool School campaign
- Resource binder for the school to include additional activities, suggestions and room for revisions or additions
- One follow up visit to the school (in the form of a meeting, consultation or classroom visit)

Additional options for purchase:

- Cool School T-shirts
- Posters, pencils or stickers

Additional services may be accessed by schools upon request. Please contact Sonia to discuss the schedule and implementation of your Cool School campaign
