

FACILITATION / CONSULTATION

Facilitation services are available to any service provider, community group or parent who is connected to youth in some way. Many structured topics are available as well as the opportunity to request new topics of general interest. Sonia will work closely with service providers, community groups or parents to develop a specific module for facilitation.

Facilitation services may include:

- Parenting workshops
- Group counselling for youth
- Parent support groups
- LifeSkills training
- Anger management for children & youth
- Community Forums
- Public speaking engagements
- Training for those who work closely with youth
- Keynote address

Consultation services for service providers are available for case management, staffing patterns, progress evaluation as well as program evaluation. *Consultation* is also available for parents who are seeking behaviour strategies and assistance with goal setting.

Public speaking engagements and keynote address are available in any area involving youth.
