

SOCIAL NETWORKING 101

Social Networking 101 addresses the new trends of My Space, Facebook, Piczo and other types of social networking sites. Presentations to students discussed privacy issues, safety concerns and consists of on-line demonstrations.

For parents and teachers, this is an excellent way to learn of the safety concerns as well as the possibilities for positive interaction.

Social Networking for students

Assembly style: One hour presentation in the library or gymnasium for one grade or 'division' at a time whenever possible.

Classroom presentation: One hour presentation to students in their classroom which allows for more questions and further exploration of strategies.

Additional presentation options: A full day of presentations, one grade at a time, based on the school schedule. The best possible location for this type of day is in the library or gymnasium with students coming to the presentation at their scheduled time and sit on chairs.
